Subject: Community Survey ready to distribute

Greetings HPOA Board,

We have launched the community survey today. Some of you have already received an email from me tailored to send to your tenants or residents or students.

<https://kwiksurveys.com/s/AmgMYG5X>

However, for board members, here is what I would recommend.

1. Fill it out for yourself
2. Share with your colleagues
3. If you have tenants, students, residents etc, please forward this to those groups. You can use the preamble below and cut/paste to send out.

Our goal is to have 1,000 responses by Labor Day. We can only do this with your help.

Thank you,
Kerry

Board Meeting Minutes – June 28, 2017

Call to Order: Roy called the meeting to order at 4:35

Board Development: Roy welcomed our new Board members, Ghazal Barjesteh and Peyton Nealis who both shared a bit about themselves and their prior experience with Hollywood PAL. Ghazal has been serving on the events committee, and presented financial literacy for the Young Men's Enrichment Academy. Peyton has been serving on the events committee for several years. She also coordinates the "SGS/SBS" Holiday Program. We need to work on how to share these activities through video or photos to let people know that PAL is becoming a more well-rounded program.

A vote was taken to approve the May meeting minutes. Terri motioned, Joyce seconded, all approved

May Forecast Review and Approval: (Fritch/Kitty)

The May Forecast was presented for approval. Summer months are tight for cash flow. New events help, but it will take time to complete the shift to year round fund raising instead of 4th quarter fund raising. We are under budget for expenses, and will continue to work adjusting throughout the year. We should be hearing back soon from several foundations about submissions earlier in the year.

A vote was taken to approve the May Budget Forecast Joyce motioned, Matt seconded, all approved.

Events Committee (Matt/Kitty)

Mixer – Board members and PAL Alum will have name tags, each board member is asked to meet and socialize with 3 new people. This event is about connecting and sharing, and laying the ground work for follow-up. Comedy Event is Tuesday July 25th at the Laugh Factory. Alonzo Bodden is confirmed. Requests are out to others including Tom Arnold and Adam Schiff. Board members will receive an email to promote. PAL-FEST is scheduled for August 26th, no mixer in July, maybe August, Gala is now November 2nd at Hollywood Forever Cemetery, more info at the next meeting.

Officer's Report:

- This year we had our first Young Men's Enrichment Academy. They were taught life basics: how to fill out a job application, write a resume, social financial literacy (thank you Wells Fargo), dress for success (how to tie a tie), how to interview (with a real job interview) and real work skills from El Floridita restaurant. It was an AMAZING week! Our Young Ladies Empowerment Academy is July 17th-20th.
- July 5th we are hosting our 2nd in-house scrimmage with Rampart Division PAL. These in-house tournaments give our kids competition exposure, and to meet other PAL kids and families. It also creates opportunities to share our programs with LAPD Leadership and Hollywood PAL prospects.

NEXT BOARD MEETING – Wednesday July 12th at the Hollywood PAL Office

Meeting was adjourned 5:15pm

Subject: Blog post that references my experience in Italy

Greetings HPOA Board,

I've been back from my mini-sabbatical for about a week, and am still quite stimulated by the fresh ideas and different ways in which two cultures approach caring for people with mental illness in their communities.

I had the great privilege to collaborate on a blog post about my observations with a prominent psychiatrist, Dr. Allen Frances. He had our blog published on Huffington Post and Psychology Today. I thought I would pass it along to you to give you a glimpse into what I learned.

- II. Public Comment: There was no public comment.
- III. Meeting Notes: Meeting notes from May 10, 2017 were distributed to the committee for review.
- IV. Reports

A. Staff Report:

a. Homeless Issues: [REDACTED] reported on the results from the 2017 LAHSA Homeless Count. The increase in the city over 2016 numbers (20%) and in the county (23%) was quite stunning to all. She described a memo she had sent to the directors of both BID boards suggesting three activities that the business community might want to pursue in light of this news: (1) continue to advocate for a shelter for Hollywood, and help to identify a space (e.g., vacant warehouse, retail building, etc) that could be adaptively reused, even if only for a year or so; (2) identify a location where permanent supportive housing could be located here in Hollywood; (3) assist The Center in their ability to compete for Measure H related grants, which would entail establishing a reserve fund to help them withstand the long delays in government grant payments, which creates a cash flow crisis for a small agency like them.

b. Communications with city officials re/ public safety trends in Hollywood: [REDACTED] reported that since the last committee meeting, several important conversations have been held. Yesterday, Deputy Mayor for Public Safety, Jeff Gorell came to Hollywood and met with several stakeholders and also took a walk on the Boulevard. He also spent about 30 minutes with the board for the Sunset BID. Last week, Kerry Morrison and two other BIDs met with City Attorney Mike Feuer. And about a month ago, Councilmember Mitch O'Farrell came and walked the boulevard, and he was joined by Deputy Chief Kato and Captain Pinto. There was a general discussion about how to keep the conversation going, as it is important to not hold back on the realities of some of the erratic and violent behaviors that are reported every few days in both BIDs.

c. Public Safety Survey: [REDACTED] mentioned that, in the interest of gathering data and metrics to document the perception of safety in the community, a survey has been developed. Security Committee members were given the opportunity to beta test the survey and after feedback is gathered from the BIDs, it will be ready to be released. The survey is geared for students, residents and people who do business here. Morrison hopes to have results to share in August.

B. Andrews International Report: [REDACTED] reviewed some of the highlights from his report dated 4-24-17 to 6-4-17. He discussed some key events, and pointed out that at this time, we are about 300 calls ahead of this same time last year, which was a record-breaking year for calls into the BID office.

C. LAPD – Lt. [REDACTED] represented LAPD Hollywood Division. He provided some background on a few recent incidents that had generated some media attention. One involved a man with a pit bull inside of Ghirardelli. The dog bit an off duty police officer. [REDACTED] confirmed that the dog had been provoked by his owner out on the street, scaring passerby. The dog was shot by the officer. Another involved a stabbing at Hollywood and Bronson, near the encampment near Tommy's. Lt. Ling reported that LAPD was able to arrest the suspect this week. The victim in that stabbing was killed.

Finally, Lt. Ling did describe how resources are re-deployed because of the need to protect first amendment protests. A recent RESIST event at Hollywood & Highland required 140 police officers. This does take resources from other areas, and these protests can sometimes erupt almost spontaneously.

He also mentioned that effective July 1, LAPD will be taking over patrol for the METRO.

V. New Business: [REDACTED] mentioned that in the new Management Plan for the BID, there will be language included that will give the committee and board in the new BID the ability to consider an alternative to armed security. She said the flexibility will be created because with the decline in private persons arrests, and the desire expressed by some to see a more visible BID Patrol, this is an option that could be discussed. Steve said that in the interim, he is looking to try a pilot whereby a few unarmed bike patrol officers could be deployed, to increase visibility.

VI. Next Meeting: The next meeting is scheduled for July 12, 2017.

VII. Adjournment: There being no further business the meeting was adjourned at 11:25 a.m.

Customers with 323 and 213 Area Codes Must Dial 1 + Area Code Starting July 8th

To ensure a continuing supply of telephone numbers, the boundary line between the 323 and 213 area codes will be eliminated and the two areas served by the 213 and 323 area codes will be combined. This is known as a boundary elimination overlay.

The

boundary elimination overlay does not require customers with a 323 or 213 area code to change their existing area code, but does require them to dial "1" followed by the

area code and the seven-digit telephone number on every call, including calls within the same area code. [Learn more...](#)

Greetings Jt. Security Committee –

Wanted to call your attention that I have shifted the meeting time 30 minutes for this Wednesday. I have an important meeting that morning at 8:30 downtown that morning, so I need the time to get back to the office. I think the topic will be relevant.

The agenda will come later today.

Subject: Blog re/ disparities in treatment of severely mentally ill

Greetings Hollywood 4WRD,

Most of you know that I've had the good fortune to participate in a two-year Stanton Fellowship – the inspiration for my inquiry has been the lessons learned as we attempt to help those on our Top 14 list move from the streets.

The Stanton grant encourages travel to new places to be inspired – and I just recently returned from a 17-day mini sabbatical, where I was able to tour some programs in New York, and visited Trieste Italy and Geel Belgium where people with mental illness are treated in a humane manner and completely integrated into their communities.

I was honored to be asked to share my impressions with a prominent psychiatrist, Dr. Allen Frances, who has previously written about the Trieste model. Our blog was published today on Huffington Post.

Looking forward to further exploring these ideas with all of you – and please feel free to share this on your social media. We have to get the word out that there is a better way.

Greetings,

I directed the TAB Unit and our very own HED Watch 6 to address this situation immediately. As of this moment, the street and sidewalk are clear of any encampment, with the exception of one person. He is leaving now. The officers also requested trash pickup at the location for the items left behind as the homeless left the area.

I will personally follow-up this afternoon to ensure the sidewalk is clear.

Additionally, Metropolitan Division Mounted Unit is in Hollywood today and have been directed to monitor this specific location throughout their shift today.

We will keep an eye on the spot in the future.

Mike and Neil:

1) Can TAB unit address this ASAP?

2) Can HED officers enforce 56.11 (sidewalk blockage)? It would appear that the sidewalk is totally impassable and thus a violation of 56.11.

Thanks,

Good morning, Lieutenant,

Check out the attached image of a "pop-up" campground located on Hawthorn Avenue, ½ block west of Highland Avenue. I spotted it as I was driving into our parking lot this morning. It is located across from Hollywood High School and there appears to be a camper changing his shirt. Is this sort of thing allowed by the City of Los Angeles? I would think that if left alone, other camps are sure to follow. This is a tour bus layover zone, too, with hundreds of visitors arriving daily. It does not present a positive image of our community, in fact, it trashes it.

Subject: Nominating Committee for 2017-18

Greetings HPOA Board,

I am back from my 17-day mini sabbatical, and ready to tackle whatever the world sends my way! Grateful to the amazing staff here who held down the fort admirably in my absence.

One pending task is the formation of the Nominating Committee for this new season. I'll be working with our current Vice President, Michael Gargano, to put this committee together. I am preparing names for him of board members who could conceivably participate on this committee – and it has to be directors who are not in line to be elected, either for another term or for an officer position. **If there are any board members interested in serving on this committee, please let me know.**

FYI, the board members whose terms expire in November are the following:

If any of you current members are not planning to re-apply for a new term, AND would be interested in serving on the Nominating Committee, please send me a private email ASAP.

Thank you

Kerry

Good morning everyone,

Happy 4th of July! Hope you all have a safe and successful holiday. For those of you who attended the CPAB meeting, thank you for your attendance. For those who were unable to attend, attached you will find forms we provided at CPAB. The first form is a Contact Information sheet. Please take a moment to fill out the form with the most updated information and send it in at your earliest convenience. You can either scan and email it, fax it or simply mail it in.

Thank you to those who have submitted updated Contact forms. We appreciate your quick response.

The second form is a Special Event/Private Event form. Please use this form to make any notification of a Special Event/Private Event to Hollywood Vice. Some of you as part of your Conditional Use requires you notify the LAPD 14 days in advance when a Special/Private event is scheduled to take place. Use this form to make your notifications. For those of you not required to do so, we kindly ask that you notify us in advance of any event that may attract a significantly large number of attendees so Lieutenant Ling may prepare police resources as needed. We'd like to request these notifications be faxed or emailed so we receive them in a timely manner.

Again, thank you for your continued efforts in maintaining a safe environment for the Hollywood Community and your continued partnership.

Best regards.
